# Why? Baguio!

**Location**  
About 280km north of Manila;  
1,500m above sea level.

**Weather**  
The average temperature throughout the year ranges from 20°C to 26°C.

**Official Language**  
Filipino and English are the official languages. PH is known as the 3rd largest English-speaking country in the world.

## The safest city in the Philippines

Baguio people are generally friendly and kind, so the crime rate is much lower compared to other cities in the Philippines. Security is tight since many public landmarks are around the city, such as The (President's) Mansion House, Military Academy, and trial courts.

## Rich Traditional Educational City

Baguio City is the Center of Education in Northern Luzon, with 8 major universities and colleges that produce excellent teachers. The teachers' skills are vital in language training, where 1:1 classes are an advantage.

## Best environment to study

Baguio City offers the best environment for students to study because even though it is known as a popular tourist destination, it is peaceful and there are no distracting entertainment facilities.

## Pleasant green city with natural environment

Baguio City is an eco-city, a green city. It boasts of its natural environment and preserved natural resources. It is a city where you can feel healing and relaxation after the stress of studying.

## English Mentoring System

Pines operates with International Academic staffs who ensure that students have a safe living environment and effective learning management. The staffs also act as mentors and counselors to help motivate students to study harder and enjoy their English journey.

## Intensive Spartan Education and Specialization Training

Through the Pines developed test known as TEP-G, student's levels are sub-divided based on CEFR levels, and their English skills are checked accurately and equitably. Textbooks and teachers specialized for each module are carefully selected to provide students with the necessary skills and information.

## Various Courses for Individual Purposes

Pines offers various courses and classes in addition to the general English course to meet the students' goals and needs and to provide quality and effective English learning for whatever purpose the students have. The optimized classes help improve the basic skills of students within a period short of time and at a reasonable cost.

# Pines' Unique and Reliable System

## Independent Test Campus Orientation

Pines operates an independent campus focused on providing test module courses and improving the scores of students. The campus requires the use of English at all times since it is basically an opportunity to further learn English while taking the test module course.

## Excellent Professional Teachers

Pines employs only the best teachers with an in-depth background in English and undergo a 10-step recruitment and training process. The teachers are also evaluated at every end of the term to make sure that they perform their best at all times. In addition, the IELTS Guarantee teachers all have an official IELTS score of at least 7.0. Pines surely is proud of its teachers who not only speak English but do their best to help students achieve their goals.

## Diverse and high multinational student ratio

Pines has a relatively large number of multinational students who come from Japan, Korea, China, Taiwan, Vietnam, Mongolia, Saudi Arabia, and Russia. Students get to immerse themselves in different cultures and speak English with each other.

## Authorized TOEIC and IELTS Test Center

Pines which has a remarkable reputation and excellent curriculum also operates as an authorized test center for IELTS and TOEIC after passing the rigorous test center certification process. Students can conveniently take the official IELTS or TOEIC test where they study. In addition, more than 80% of the students have attained the target official test score, which is why Pines boasts of its high passing rate.

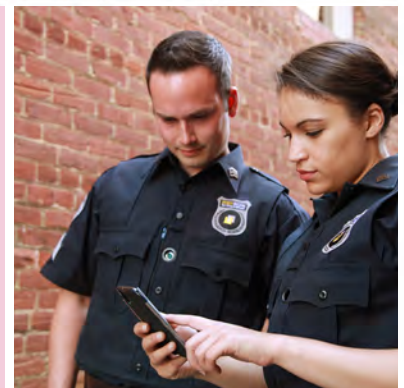

# Pines International Academy

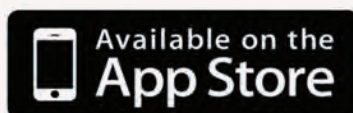

## Study English and Heal the Mind at the same time

Pines is surrounded by recreational facilities, major government offices, luxurious villages, and residential areas making it the most secure and safest area for students. In addition, the nature-friendly environment provides a better and more pleasant relaxation place for students who feel tired because of studying.

## Integrated Student Management System

Pines developed its unique student management system that can store all student information while keeping it safe upon admission. Admission or graduation status, test scores from all the level tests, class schedules, attendance, and other information can be checked by the students through the computer system or just by using their smartphone.

## Health and Safety Management System

Pines provides students with a balanced diet through the management of a Korean chef, makes sure that students are in good health under the watch of a nurse who can respond to emergencies, and assures the safety of students by deploying dedicated campus safety personnel and security guards. Pines cares about the welfare of the students.
